Password & Security

Change password

Authenticate using TOTP

Authenticator QR Code

To generate new code Click here

Add to Authenticator

IMPORTANT NOTE

Once Biometric or Authenticate using TOTP is enabled.

The next time you Login > The Mobile application will first authenticate using Face ID/Fingerprint and then ask you for your Client Code and Password to Login.

We strongly recommend clients to use:

A. Biometric option to Login to the Mobile Application and

B. TOTP option for Web and Desktop Applications.
